6x12 License Plate Template, actual size

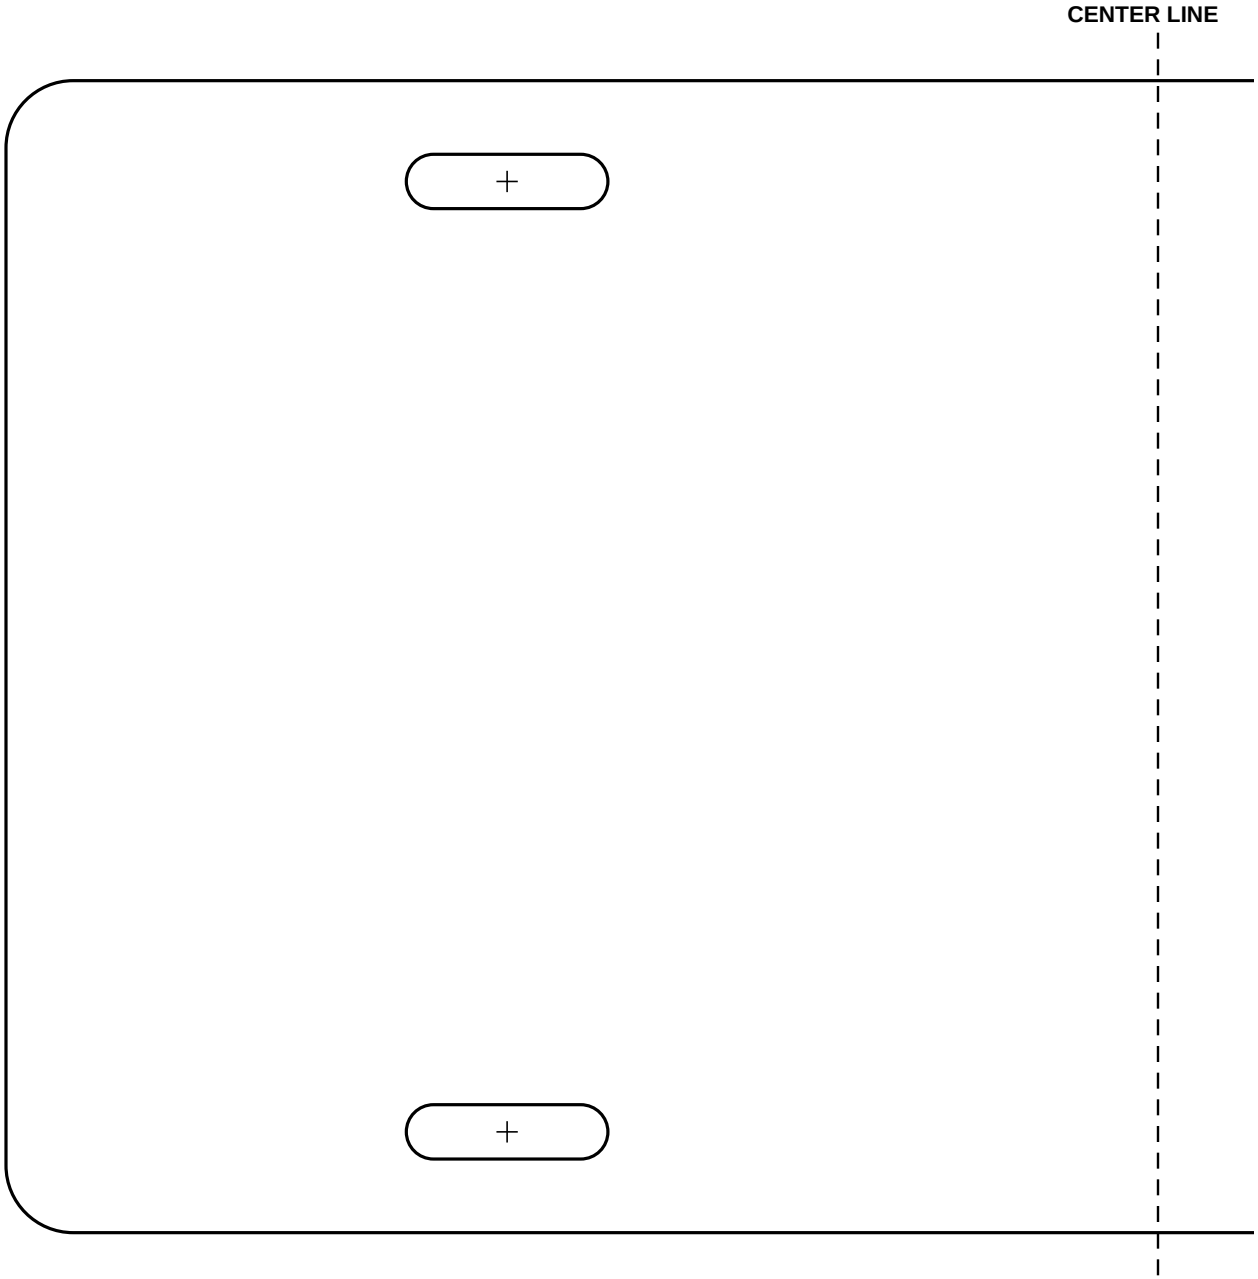

Print on legal paper (8.5 x 14 in.) at 100% / Actual size, landscape. Cut on the outer line. The four slots are where plate screws sit.

This square should measure exactly 1 inch.
If it does not, print again at 100% / Actual size.

6x12 License Plate Template, page 1 of 2 (left half)

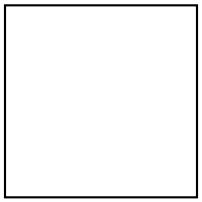

Letter paper at 100% / Actual size, landscape. Trim page 2 on its left dashed line, lay it over page 1 so the center lines match, and tape.

This square should measure exactly 1 inch. If not, print at 100%.

6x12 License Plate Template, page 2 of 2 (right half)

Letter paper at 100% / Actual size, landscape. Trim page 2 on its left dashed line, lay it over page 1 so the center lines match, and tape.

This square should
measure exactly 1 inch.
If not, print at 100%.
